

Farm	
Date	
Assessor	

(include any to be culled)

	Total number	Current Housing of sheep assessed 1 = Housed, 2 = At Pasture (lowland) 3 = At Pasture (extensive upland)
Breeding Ewes		
Rams		
Lambs < 6 months		
Store/fattener lambs 6-12 mth		
Others:		

Shedding fleece	YES	NO
Last shorn		
Predominant breed		
Other breeds		

Individual measure

Lameness assessed in representative group of adult breeding ewes
(additional groups esp. Rams to be assessed if possible)

Tally the number of unaffected (not lame) and affected (lame or severely lame) animals. Score all animals in the group or as many as possible. If the group is **ewes and lambs together**, aim to assess the **ewes only** in instances where lambs can be instantly identified from dams. If lambs cannot be instantly identified, assess all animals in the group. Indicate when lambs have been assessed.

Group type (E - ewes, EL - ewes & lambs, R - rams, F - fattening)	Total no.	No. Good/Imperfect mobility (score 0)	No. lame (score 1)	No. severely lame (score 2)	Unable to assess for flock (1 - too extensive, 2 - ran away, 3 - flocced and stood still)
Lambs assessed?	Y/N				
Lambs assessed?	Y/N				
Lambs assessed?	Y/N				

Flock measures (All groups on farm)

	Tally the number of affected animals seen on farm	group ID of affected animals e.g. Rams / comments (include treatment etc.)	Unable to assess for flock (1 - too extensive, 2 - ran away, 3 - flocced and stood still)
Lameness: severely lame sheep (score 2)			
Thin sheep (< score 2)			
Dirty HQ Dirty: plaques > hand size or diffuse soiling of whole area			
Plus Dirty Belly (if animals on cultivated ground)			
Fleece loss Fleece loss > hand size			
Tail docking - docked short			
Sheep needing further care (Include any comments) Severely lame sheep to be recorded under lameness above			

Records

Tail Docking	Full tailed	Docked	Mixed*	* Record as mixed if at least 10% of another	48 hours	7 days	None	analgesia	anaesthesia
Castration	Entire	Castrated	Mixed*		48 hours	7 days	older than 7 days	None	analgesia
Ear notching	Yes	No	Time/pain relief unknown as procedures not carried out on this farm (tick)						

Mortality
(within the last 12 months)

Planned culls		Reasons:
Unplanned culls or casualties (died or killed on farm)		Reasons:
Scanning Percentage (Number of lambs scanned / Number of ewes put to the tup)x 100		Main reasons for lamb losses
Rearing Percentage (Number of lambs reared / Number of ewes put to the tup)x 100
